Gribincea Vladislav · Thursday, April 2nd, 2020

The Legal Resources Centre from Moldova (LRCM) prepared a series of infographics on the state of emergency in the Republic of Moldova, declared by the Parliament on March 17, 2020 due to the global pandemic of COVID-19. The infographics explain to the general public what the state of emergency is, what is restricted and what is allowed during this period. Infographics also represent a summary of the measures taken during the emergency period that have an impact on the way the justice is carried out in the Republic of Moldova.

The infographics were elaborated within the project “[Institutional support for organizational development](#)“, implemented by the LRCM and financed by Sweden.

The infographics [can be downloaded here](#).
